

Mobile Developer Internship Intern – Nimble Science

About us

Come help us build our company! We are a Calgary based early-stage medical device startup company focusing on innovative development of technologies aimed to improve gastrointestinal health.

Role Summary

This is a technical role, providing a valuable opportunity for a computer science/engineering co-op student to gain key skills and experience in the design, implementation and testing of a Health App. This opportunity allows the Intern to take ownership and participate in all aspects of the software development. **Position start date Jan 3, 2022 or as soon as possible.**

Responsibility Snap Shot

- Analyze product requirements and participate in technical designs;
- Implement frontend and backend features following quality coding practice;
- Monitor, maintain, and improve the quality of the application and operating procedures;
- Investigate, recommend, and use new technologies where relevant.

What you bring to the Team

- Strong object-oriented design skills;
- Proficiency in one or more of the following skills: C/C++, Swift, Objective-C, NodeJS, MongoDB, MySQL;
- Knowledge and experience with client-server protocol & API design;
- Excellent debugging skills and problem-solving skills;
- Passion in software development and team collaboration.

What we Offer

- Opportunity to gain experience in industrial software development with additional knowledge in medical software related standards, challenges, and solutions;
- Opportunity to learn and apply state-of-the-art technology to solve problem;
- Opportunity to take ownership of the product development and make influence to the company;
- Opportunity to receive mentorship from senior staff and management;
- Opportunity to network within the Calgary start up health tech sector.

Application Process

Apply Quick – interviews will start immediately and will continue until the position is filled.

Apply directly with a Cover Letter stating your interest and how previous experience can help you quickly learn the needed skills. **[Send cover letter and resume to joseph@nimblesci.com](mailto:joseph@nimblesci.com)**
